Cumbria Stroke Support Service Advice Support Awareness

Wired Stroke Support Service

Purpose of the service

To support stroke survivors their families and carers give them advice and information about services.

Independence

Your Stroke support service is not part of any other service. This means that they can do things that are important to you, without the need to please other people.

Putting you first

The Stroke support service will help you to tell people what you want, and make sure that you are listened to.

Equal Opportunities

The Stroke support service will treat all people fairly

Accessibility

The Stroke service will be **free** you don't have to pay anything!

Confidentiality

The Stroke service will keep information about you private, unless there are concerns about safety to you or someone else or the law says they must (taken from the Action for Advocacy charter).

Wired Stroke Support Service

Advice

We will ensure that you have the right information, and signpost you to other agencies

Support

We will make sure that we listen to you and your family and carers

Advocacy

We will speak on your behalf if you need it, in any setting

Prevention

We will work in partnership to look at preventative measures with strokes
